REPUBLICANS ARE IN FINISH FIGHT TO CONTROL CITY'S DELEGATIONS FIRM TONE IN CORN ON

Members of City Central Committee Battle to Determine Makeup of Representative Bodies to Next State Convention, When One of Decisive Points Will Be Indorsement of Candidate to Succeed Senator Stone-Plan of Reorganization Fails -- New Ring Would Remove Opponents.

For its ultimate issue the finish fight which is now on between members of the Republican City Central Committee has the make-up of the city's delegations to the next Republican State Convention, which will meet some time in the early summer of 1956. One of the decisive points to be fought out in that convention, according to the views of politicians who are in the midst of the present battle, is the inforsement of a candidate for United States Senator who will be elected at the expiration of the term of Senator William J. Stone.

This idea is poole-pooled by friends of the Reynantian and during the afternation of the senator will be also the combine candidate for the chairmanship.

The Koeln boom was cleverly manipulated all day vesterday and during the afternation.

the committee and those harders of Stifel, who had a narrow escape from being rominated for Mayor instead of Judge Talty.

The only motive for reorganization at present is ascribed to the belief that at the off-year State Convention to be held next summer a resolution will be introduced which will indorse for the United States senatorship Mr. Nicetringhaus, and that upon this issue will be fought the bommary and coerciv contests throughout the State within the Republican party. There is not another campaign in which the City Committee will participate until after the State Convention shall have been held. The new committee will be elected at the primaries in which the candidate for Sieriff and other officials will be nominated, which do not come along until some time in Argust of the coming year, so that the mesent committee will be defined for all practical purposes, except the influence that the individual members will hence in kinn the ward delegations the influence that the individual members will have in picking the ward delegations to the State Convention, in which the senatorship is likely to be a burning issue.

PLAN TO CAPTURE COMMITTEE. The theory which the friends of Nicd-tinghaus advance is that Senator Reich-man is anxious to curry favor with the officials in the Circuit Attorney's office, and that by piacing in the chart Jephina D. Howe, to whom, it is said, Circuit At-torney Sager owes much for his nomina-tion, Reichmann and his friends would be prederitionately benefited. tion. Reichmann and his friends would be proportionately benefited.

Whatever is the underlying scheme. Reichmann, with the aid and consent of flowe and his friends on the committee, ably assisted by Charley Wathoett. Henry Weeke and Ed Koeln, framed up a plan which was expected to capture the committee, and not only decapitate the present charman and secretary, but also to deprive of membersup the members of the Big Six who controlled the patronage which the Republicans elected at the late election had at their disposal, and some of the lesser lights whose places were wanted for friends of the family. Charman Ludwig, who was placed in office when Judge Tahy was nominated for Mayor, has been out of the city. During his absence the attempted line-up was made. Eighteen votes are required to make a change in the officers of the committee and at least a majority, or fifteen,

NEWS OF RUSSIAN CROP AID TO BULLS IN WHEAT.

WEATHER REPORTS.

Oats Hold Their Own in Symputhy With Other Grains, and Provisions Are Strong.

Chicago, Aug. 9.—Rumors of damage to the Russian crop developed strength in the wheat market here to-day. The Septem-ber delivery closed 1,8%c up. Corn and oats are practically unchanged. Provisions are up 74,8174c higher. WHEAT.

WHEAT.

Wheat had a firm undertone throughout the entire session but the volume of trading was small. September opened unchanged to 3c higher at \$35,6525c.

The initial firmness was chiefly due to higher prices at Liverpool in the face of a decline here yesterday. Russilan newspapers, according to a British authority, are advocating the prohibition of wheat exports. This agitation, coupled with news of a bullish character from Indiana, was said to be responsible for the unexpected advance at Liverpool. On the other hand, weather in the northwest was almost perfect for harvesting, and there was a continuance of liberal receipts at primary points.

tinuance of liberal receipts at primary points.

The bulls gained some encouragement from a few reports of damage to the crop in North Dakota. The principal demand came from shorts and commission houses. Offerings were not large.

For reptember the highest point of the day was reached at \$35c.

The market closed firm with Sept. at \$26834c. Clearances of wheat and flour were equal to 191,500 bu. Primary receipts were 1,104,000 bu., compared with 865,00 a year ago. Minneapolis, Duluth and Chicago reported receipts of 311 cars, against 432 cars last week and 196 cars a year ago.

CORN.

CORN Fresh reports from lilinois of damage by hot, dry weather caused a firm tone in the corn market. Several prominent bulls gave the market fair support. A moderate advance in the price of corh at Liverpool was an additional bullish influence. The market closed steady. Sept. opened \$4c to \$5c higher at \$25c to \$35c, sold off to \$25c \$25c and closed at \$35c \$25c \$25c. Local receipts were \$25 cars, with \$7 of contract grade.

OATS. Oats were firm, in sympathy with other grains. Receipts were somewhat lighter than expected, and this fact helped to sustain prices. Sept. opened unchanged to be higher at 25% to 25% and held within the opening range, closing at 25%. Local receipts were 219 cars. RANGE OF FUTURES.

The gauge at the Harbor Commissioner's office yesterday stood at 15 feet, a fall of .5 of a root in the 24 hours ending at 5 a. m. yesterday. The receding waters left so much much on the Levee that for some time it was impossible to read the gauge, but a stream of water pumped by the harbor boat Mark Twain ason cleared the records.

—Eusiness on the Levee vesterday was exceedingly quiet, although one or two boats got away with good manifests. In the afternoon, however, the work of loading had been in the locality of the boats at any time.

The steamer Lora was one of the few boats to have a good manifest out yesteriay. She departed with a big trip of freight and passengers, and will go up the Missouri as far as Lapus. She will return Wednesday. The City of Memphia arrived in port yen-terday from the Tennessee River, bringing in a fair amount of freight and a full cabin. The City of Saltillo departed shortly after the ar-rival of the Memphia with a small freight man-ifest and a cabin crowled with passengers. The Cape Girardeau of the Engle Packet Company will arrive this morning from Commerce and Cape Girardeau, and this evening will be engaged under charter by the E. S. W. Yachting Club on an excursion solely for members and their friends. Passage on the boat can be obtained only by flavitation. She will depart on her regular trin to Commerce to merrow.

The Dubuque of the Diamond Jo Line will arrive from Davenport Saturday morning and depart in the afternoon for Keonuk She is also well engaged with passengers for the northward

well engaged with passengers for the northward trip.

The Baid Earle departed vesterday on her regular trip to Feotia with a full passenger list. Many of these are going to Montezuma and Kampsville.

Fird Herold will arrive to-day from Membis and advance reports indicate that she will have a good trip. The Feters Ise and Reese Lee of the Chrimati-Membis trade will be retired upon their arrival at Memphis an the next trip on account of low water in the Onio River.

Cantain Schooling of the new Calbern Basket. Captain Sebastian of the new Culbour Packet Company announced yesterday that the steamer India Givens will immediately be thoroughly overhauled, repaired and remainted. -Captain George R. Woodward, pilot of the steamer Ferd Herold, has returned from his annual outling in the East and will resume his duties next week.

duties next week

-Captain Nat Fuiton, formerly commercial agent for the Diamond Jo Line of steamers and new connected with a large sawmill at Mariana, Ark, was a victor along the water front yesterday, and he and Captain Hunter Ben Jenkins spent a happy hour recalling old days on the river. He returned to Marianna last night.

The Belle of Calboun will, on her departure Saturday, go through to Louisians. Mo., making a day and mosalight trie over her territery. She will arrive this morning and depart this afternoon on her resular trie to Hamburg and Moniers, returning sania on Saturday morning to prepare for the longer trip.

Captain Frank Tutt of Kansas City, who accompanied Miss Helen Gould on her last Western tour, was a guest of Captain George C. Keith Tuesday and was a welcome visitor on the river Font.
